Source: NC Reported Pregnancies, Annual Reports for years 1991-2006, NC State Center for Health Statistics.

* Minority includes all other races other than white. Women of Hispanic origin may be either white or minority, but more often report themselves as white – of Hispanic origin. Specific Hispanic teen pregnancy rates are founding the chart below.

**Hispanic Teen Pregnancies, ages 15-19
Cabarrus County and NC - 2000-2005**

	Hispanic Teen Pregnancies					
	Cabarrus			NC		
	Number	Rate	State Rank	Number	Rate	
2000	58	236.7	1	2193	161.3	
2001	75	340.9	1	2471	194.9	
2002	60	284.4	2	2344	181.5	
2003	47	175.4	22	2468	185.9	
2004	56	182.4	17	2603	174.2	
2005	51	150.9	24	2846	175.6	

* State Rank includes only those counties with 20 or more Hispanic teen pregnancies (on average 30-36 of the 100 counties have had ≥20 Hispanic teen births)
