Title 15A NCAC (North Carolina Administrative Code) 18A .2600 "Sanitation of Restaurants And Other Foodhandling Establishments" specifies in Section .2638 "General Requirements For Pushcarts and Mobile Food Units" that:

***"(f) [Pushcarts and mobile food units] shall operate in conjunction with a permitted restaurant and shall report at least daily to the restaurant for supplies, cleaning, and servicing."***

Permission is given to \_\_\_\_\_ to operate a pushcart/mobile food unit in conjunction with my facility. I understand the applicable regulations require that the unit report daily to my establishment for supplies, cleaning, and servicing (including replenishing of any on-board water supply and disposal of all solid and liquid wastes). I agree to allow all supplies for the unit to be stored on my premises and understand that the State rules do not permit supplies for such facilities to be stored in any private residence. I understand that any sanitation deficiencies resulting at my restaurant, even if directly or indirectly related to the operation of the pushcart/mobile food unit, will be reflected in the sanitation grade of my restaurant. This agreement shall stay in effect as long as I am the restaurant owner/operator, unless rescinded by notifying the pushcart/mobile food unit owner and the Environmental Health Section of the Cabarrus Health Alliance in writing should this approval be rescinded.

***I, the restaurant/foodstand operator, can and will provide the necessary facilities for the above-mentioned pushcart or mobile food unit at my permitted facility as checked below:***
