FOR IMMEDIATE RELEASE

## **Cabarrus Health Alliance reports largest one-day jump in COVID-19 cases**

Kannapolis, N.C. – Cabarrus Health Alliance (CHA), Cabarrus County’s public health authority, shared the largest one-day jump in COVID-19 cases in Cabarrus County.

Current case data:

- More than 1,800 COVID-19 tests have been administered to Cabarrus residents
- 125 Cabarrus County residents with confirmed cases of COVID-19
  - Increase of 28 cases from Friday
  - More than half of the new cases are from Five Oaks Rehab in Concord
  - Over 300 residents and staff at Five Oaks Rehab were tested
  - Over 190 of those tests are still pending

Cabarrus Health Alliance staff are conducting contact investigations for every confirmed case.

Health officials will share a complete report on the facility once all test results return.

“We need our community to step up in a big way,” said Dr. Bonnie Coyle, CHA’s new health director. “Simply put, assume you are having contact with the virus every time you leave your home. We are at that point in Cabarrus County.”

The public health command center and phone lines are open all weekend. For questions or concerns, email [healthinfo@cabarrushealth.org](mailto:healthinfo@cabarrushealth.org) or call 704-920-1213.
