**RESPONSIBILITY:**

**The Department** shall approve, disapprove or provide written comment on plans and specifications for public swimming pools within 30 days of their receipt. If such action is not taken within 30 days, the plans and specifications are deemed approved. If construction is not initiated within one year from the date of approval, the approval is void.

**The Swimming Pool Contractor** shall contact the local health department when pool pipes are in place and visible, before concrete is poured, so that the local health department may conduct an open-pipe inspection of the pool piping.

Upon completion of construction, the contractor shall notify the local health department and the owner. The contractor shall provide the owner with a complete set of drawings, which show built, the location of all pipes and the connections of all equipment and written operating instructions for all equipment.

Prior to issuances of the operation permit, **The Owner** shall submit to the local health department a statement signed by a registered design professional stating that construction is complete and in accordance with approved plans and specification and approved modifications.

Omissions or non-compliance with the .2500 NC Public Swimming Pool Rules will result in plans being disapproved.

No construction shall be initiated until plans are approved. If construction is not initiated within one year after plan approval, the approval is void.

Any deviation from approved plans without prior approval from the Department will void approval.
