

## Nutritional Concerns

- Does my child need **nutrition supplements** or **special formulas**?
- Does my child qualify for **WIC** services?

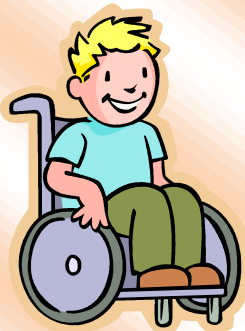

## Financial

- Does my child qualify for **Supplemental Security Income (SSI)**? Who do I contact to apply?
- Does my child qualify for **Medicaid or Health Choice**? How do I apply?

## Child Care

- Does my child need care outside of preschool?
- Do we qualify for **child care subsidy**?
- Does my child have difficulty in his child care placement? Would **Inclusion Services** help child and teacher to ensure placement goes well?

## Supplies

- Is my child potty trained? If not, will they qualify for **incontinent supplies**?
- Does my child need any **specialized equipment**, and if so, who do I contact?

## Community Services

- Does my child qualify for **Respite services**?
- Does my child qualify for the **Innovations Waiver**?
- Does my child qualify for **CAP-C**?

# Entering Preschool...

## *Things to Consider*

- Do I have a way to organize my child's medical, developmental, educational and service information so that it is accessible when needed?

If not, obtain **Care Notebook** pages and dividers from the **Exceptional Children's Assistance Center (ECAC)** to help organize important information

- Do I know what an **IEP (Individualized Education Program)** is, and have I started thinking about goals for my child's education?

- Does my child qualify for continued help with accessing and coordinating services through **Care Coordination for Children (CC4C)**?

- What if my child does not qualify for **Exceptional Children's Preschool Services**? What if I decline Exceptional Children's Preschool Services? Other options to consider include:

- **Head Start**
- **More at Four**
- **Childcare Resources**
- **Childcare Subsidy**

### Will My Child Need Additional Services Outside the School System?

Due to the following concerns:

- Behavioral
- Social-Emotional
- Nutritional or Feeding issues
- Sensory

Are Additional Therapy Services Needed at Home or Clinic based?

...Speech Therapy? ...Physical Therapy?  
...Occupational Therapy? ...Other?
